REEVES®: SMART ELECTRONICS

Energetic moments with smart products: **REEVES®** unites the whole world of electronic advertising aids under one brand. The focus is on topicality, trend awareness, product safety as well as smart design and perfect finishing options. Battery dead? Charging cable too short? Solve your customers' little everyday problems with electronic promotional items from **REEVES®**. Let your promotional item impress with its function and appealing design. Inspire your customers with a smart item and surprise them with high utility value, practical functions and high-quality finishing. Compared to classic giveaways, electronic promotional items appear to be of higher quality and arouse desires due to their great aesthetic value. Our items often allow more creativity in the target group due to their function and design and lead to a high retention period with the customer.

6-in-1 Charging Cable

- ✓ Fast Charge up to 60 Watt
- ✓ Cable length: 48 cm
- ✓ Recycled TPE Plastic
- ✓ Micro USB
- ✓ Including USB-C to USB-C Cable
- ✓ 8-Pin for Apple

Different connections and different cables are no longer a worry with REEVES-myConvertics. REEVES-myConvertics includes a USB-C to USB-C charging cable with a length of 48 cm, along with adapters for Micro-USB, Apple® 8 Pin and USB-A. Depending on the end device and adapter, the USB-C cable is suitable for up to 60 watts Fast Charge. In addition, the cable not only supplies the device to be recharged, but can also be used to transfer data.

All components are stored in a handy housing made of recycled ABS plastic, which is opened by a rotatable closure and remains firmly closed by a magnetic closure even when shaken. A sturdy carabiner makes it easy to attach to a backpack or similar

52675 REEVES-CONVERTICS BAMBOO

6-in-1 Charging Cable

- ✓ Fast Charge up to 60 Watt
- ✓ Cable length: 49 cm
- ✓ Charge and Data Cable
- ✓ Recycled TPE plastic
- ✓ Micro USB
- ✓ 8-Pin for Apple

The evolution of the popular myConvertics cable set is now available with a bamboo case. The REEVES-Convertics Bamboo always provides the right adapters for charging various devices. The cable set fits into any pocket due to its compact size. It's an ideal companion for when you're on the go. Similar to its predecessor, the lid securely closes with two magnets and can be comfortably opened and closed by turning it sideways. The cable set includes a 49cm long USB-C to USB-C charging cable, along with adapters for Apple® 8 Pin, USB-A, and Micro-USB. The cable is also suitable for data transfer not only for power supply. Depending on the power source and adapter, the cable enables fast charging of up to 60 watts. The REEVES-Convertics Bamboo features a soft textile loop in black for a comfortable grip or for easy attachment to bags.

6-in-1 Charging Cable

- ✓ USB-C Connector
- ✓ Charge and Data Cable
- ✓ Removable rings
- ✓ With magnetic closure
- ✓ Micro USB

The 6-in-1 charging cable REEVES®-MIXCO III is an ideal companion for travelling, which is available in black or white. It combines several connections, allowing high flexibility in charging and data transfer. On one side of the cable, you will find a USB-A and a USB-C port; on the other side a USB-C port, a micro USB port and an Apple® 8-pin adapter. The two sides can be easily connected with the help of the integrated magnetic clasp. The length of the flexible cable is 13 cm, which is very practical when charging with a power bank while travelling. The multi-cable comes with a key ring, from which it can be easily detached and thus always ready to use.

REEVES-HAMPTON

3-in-1 Charging Cable with Light

- ✓ LED colour: white
- ✓ 5 pin for Apple
- ✓ Micro USB
- ✓ USB-C Connector

A cable that meets your daily charging needs. The Luminous Collection's multi charging cable has 3 different charging connectors: Micro USB, USB-C plug and 5-pin for Apple. The durable nylon sheath protects the 3-in-1 multi USB cable from everyday wear and tear and makes it resistant. But the absolute highlight is the distributor, which is the finishing surface and backlit. So everything you have engraved lights up when you put it into operation. And that's definitely a spectacular way of showing off a logo.

52602 REEVES-GINGCAST 15 Watt

Wireless Charger

- ✓ Output (wireless): 15 watt
- ✓ Coils: 1
- ✓ Including USB-A to USB-C Cable
- ✓ USB-C Connector
- ✓ With overheat protection
- ✓ Integrated overvoltage and short circuit protection

REEVES-GINGCAST is a high quality wireless charger with a transparent acrylic case, providing a charging surface with an output power of up to 15 watts. This ensures fast and convenient charging. The visible copper coil is a visual highlight, giving the wireless charger a cool industrial techno look. The four anti-slip pads on the bottom provide a secure stand - even on glossy surfaces. REEVES-GINGCAST is chargeable via a USB-C port. Overheating, overvoltage and short-circuit protections are integrated in the REEVES-GINGCAST. A high-quality gift box and an 1-meter USB-C to USB-C cable (with a USB-A adapter) are included. Customer logo and slogans can be applied on the wireless charger via laser engraving CO2, UV printing or pad printing. Our tip: A full-surface printing on the backside of the charger makes it an eye-catcher.

- ✓ Output (wireless): 15 watt
- ✓ Coils: 3
- ✓ Output (wireless): 3 watt
- ✓ With overheat protection
- ✓ Integrated overvoltage and short circuit protection
- ✓ Including USB-A to USB-C Cable

This charging station is capable of charging up to three inductive devices simultaneously. Two charging zones are available, each with up to 15 watts of output power for mobile phones, wireless headphones or other end devices. One of them is equipped with a magnetic ring that provides a more secure hold for the end device. Between the two charging zones is another charging surface with 2.5 watts, which is specially designed for Apple® Watch*. The high output power guarantees rapid charging. The super-thin case is made of aluminium and tempered glass. The black and glossy surface as well as the visible charging coils made of copper give the charger a technical look.

Apple® is a trademark of Apple Inc. Registered in the US and other countries.

REEVES-CALSLEY
3-in-1 Fast Wireless Charger

- ✓ Coils: 3
- ✓ Output (wireless): 15 watt
- ✓ Output (wireless): 10 watt
- ✓ Output (wireless): 3 watt
- ✓ USB Type C
- ✓ With overheat protection

The REEVES-CALSLEY Wireless Charger is a true multi-charger. Up to three end devices can be charged simultaneously. It has three charging areas with different outputs. One surface with a maximum output of 15 watts, one with a maximum output of 10 watts and a magnetic 3-watt charging surface in its centre which is suitable for the Apple® Smartwatch. Please note that an appropriate power supply unit must be used for the full output power. Starting from a charging power of 5 watts, the LEDs on the bottom of the charger light up blue (indirect light). The high-performance item is made of white, recycled ABS plastic. Anti-slip pads on the bottom ensure a secure grip.

Rechargeable Table Lamp

- ✓ Lumens: 200
- ✓ Protection class ip54
- ✓ Just touch to turn on
- ✓ Charging indicator
- ✓ Including usb cable
- ✓ LED colour: white

No matter whether indoors or outdoors - the LED desk-top lamp in silver/white or black/white is a beautiful eye-catcher and easily creates a cosy ambience. The portable lamp with dimensions of about 12 x 26.3 cm (DM x H) is made of aluminium and plastic and has a fixed LED bulb in warm white with 200 lumens. It has a runtime of up to 75 hours at highest dimming. The lamp is switched on and off via touch point on the stand and can be dimmed in three ways (100%, 50%, 10%). The battery recharges via USB-C connection and the supplied cable, the charging indicator shows the remaining charging status. Missed out in the rain? Don't worry, the indoor and outdoor lamp has IP54 splash water protection. The desktop lamp is supplied in a high-class gift box in tube form.

53008 REEVES-myFLASH 300 PREMIUM

Torch

The rechargeable REEVES-myFlash 300 torch is a more compact version of the powerful REEVES-myFlash 700. Crafted from recycled aluminium, this torch is a REFLECTS® own design for the REEVES® brand. It sports a dark grey anodised finish and can be paired with a grip sleeve. The silicone components are available in a wide range of colours from stock in Cologne. For the first time, a bamboo sleeve option is available. The torch can be ordered without a grip sleeve, but it comes with a wrist strap.

The dark grey torch can be recharged using a USB-C port located at the top of the lamp. This port is discreetly concealed beneath the beam-adjustment feature, ensuring an overall IPX4 splash-resistant rating. A USB-A to USB-C charging cable is provided in the package.

All crucial safety circuits are built into the torch, inclusive of overvoltage, overheating, and short-circuit protection.

53007 REEVES-SUPERSQUARE

Rechargeable Multifunction Flashlight

- ✓ Lumens: 350
- ✓ Rechargeable
- ✓ Magnetic attachment
- ✓ Carabiner
- ✓ Stand
- ✓ Bottle opener

Introducing the REEVES-SUPERSQUARE: The multi-functional torch that's an essential addition to any kit. Compact, convenient and powerful, it boasts a striking COB brightness of 350 lumens. Whether in the workshop or on the move, its integrated magnetic mount and fold-out stand ensure optimal lighting alignment every time. For outdoor adventures, a handy carabiner and a bottle opener are built right in. Three different light levels (30%, 60%, 100%) and an additional flashing or signaling light ensure adaptability in any circumstance. Crafted from premium aluminium and sturdy plastic, the REEVES-SUPERSQUARE epitomizes durability and quality.

53006 REEVES-CLERDON

Head Lamp

- ✓ Rechargeable
- ✓ Including USB Cable
- ✓ LED colour: red
- ✓ LED colour: white
- ✓ Magnetic attachment

REEVES-CLERDON is a wonderful versatile headlamp with 280 lumens. It features a particularly bright light and a variety of functions. There are two light colours available: white and red. The white light can be dimmed to 100%, 50% and flashing, while the red light can be set to continuous and flashing light. The lamp has a removable light diffuser. The running time of the lamp is up to 16 hours. The soft, elastic and adjustable headband ensures comfortable wearing. By twisting it gently, the lamp can be separated from the strap and then used separately. It can be held on magnetic surfaces with a built-in magnet or hung on the carabiner. With an integrated clip on the plastic flap, the lamp can also be attached to other materials, e.g. clothing.

Precision in pocket size:
Handy, powerful
thermometer

52576
REEVES-BELLERIAL

Thermometer

- ✓ Temperature Range: -20 - + 50°C
- ✓ Battery included

The room thermometer helps you to constantly measure the temperature of your indoor areas. You will always have the current room temperature in view with this device and so you can control your own energy consumption. The battery-operated thermometer has a measuring range between -20 and 50°C with an accuracy of +/- 1°C. The small thermometer is particularly handy and takes up very little space; however it has a large numerical display, making it easy to read. Logos and slogans can be printed on the edge of the plastic surface.

52610 REEVES-CLIMASPARK

Weather station

- ✓ Thermometer/ hygrometer
- ✓ Magnetic attachment
- ✓ Stand
- ✓ Wall holder
- ✓ Battery included

This battery-operated weather station serves both as an indoor thermometer and hygrometer. The thermometer measures temperatures ranging from 0°C to 50°C, while the hygrometer gauges humidity levels from 20-95% RH. On its easily readable display, the recorded temperature and humidity are complemented with a smiley face. Should the humidity fall below 40% (too dry) or rise above 70% (too moist), the display will show a displeased expression, otherwise a smiling face appears. The temperature reading can be toggled between Fahrenheit and Celsius by pressing the black button on the backside. The product offers three mounting options: thanks to its fold-out stand, the mini weather station can be placed upright. An incorporated hole on the back allows for convenient wall mounting. With the built-in magnet, the room thermometer can also be affixed to metal surfaces.

Rechargeable Fan with Light

- ✓ 4 speed levels
- ✓ LED colour: white
- ✓ Including USB-A to USB-C Cable
- ✓ With overheat protection
- ✓ Integrated overvoltage and short circuit protection
- ✓ USB-C Connector

This fan stands out due to its flexibility and ease of use since it doesn't need to be constantly plugged into a power source. Standing at 22 cm tall, the table fan can be recharged via a USB-C port. A suitable USB Type-C to USB Type-A cable is included in the package. On its lowest intensity setting, the fan can run for approximately 4 hours.

The round base is equipped with rubberized non-slip feet, ensuring a stable stance. Additionally, the sturdy base incorporates a two-stage dimmable LED light. The functional buttons for the fan and light are clearly positioned on the base. The device also features an LED battery level indicator (blue) and serves as a control light when charging (red).

Electric arc lighter

- ✓ Charging indicator
- ✓ Loop
- ✓ Including USB-A to USB-C Cable
- ✓ USB-C Connector
- ✓ With overheat protection
- ✓ Integrated overvoltage and short circuit protection

Electric arc lighters operate using the impressive arc technology. The REEVES-Arcfire arc lighter boasts a blue glowing charge indicator, a blue operation light, and an automatic safety shut-off after 10 seconds. As an added safety measure, one must first shift the power switch to the "On" position, then press the ignition button to activate the arc. The flexible neck aids the lighting of candles and fireworks. The silicone loop allows for convenient hanging, i.e. for safe storage out of children's reach. The item can be recharged using the provided USB-A to USB-C cable. Built into the product are features such as surge protection, short-circuit protection, and overheating protection.
